

CHUANGO®

Door/Window Contact

DWC-102

The DWC-102 works well with any door, window or opening. When triggered (separated), an alarm signal will be sent to the system controller for appropriate response. It also comes with tamper protection to ensure system integrity, and can work with other wired detectors. If connected to a GSM alarm system, low-battery alerts via SMS text messages are possible.

Specifications

Power supply	DC 1.5V (AA 1.5V LR6 Battery x 1 pc)
Static current	≤35uA
Alarm current	≤10mA
Transmitting distance	≤80m (in open area)
Radio frequency	315MHz or 433.92MHz
Housing material	ABS plastic
Operation Condition	Temperature: -10°C~55°C Relative humidity: ≤80%(non-condensing)
Transmitter dimensions	71 x 34 x 17.5mm (L x W x H)
Magnet dimensions	51 x 12 x 13.5mm (L x W x H)
